EASTBOURNE
COLLEGE

A traditional heart. A modern mind.

Founded in 1867, we've always done things differently at Eastbourne College. We're proud of our heritage, but always looking forward. Progressive and innovative. Empowering our pupils to question the answers and find their own path in life. Set in idyllic coastal surroundings, this is a place that truly makes a lasting impression.

Why Eastbourne College?

- Holistic approach to learning, nurturing success in and out of the classroom
- Over 91% A*-C at GCSE and over 94% A*-C at A-Level
- We sit in the top 4% of schools nationally for academic 'value added' which means on average our pupils achieve one grade above their predicted grade
- Diverse and exciting co-curriculum, offering everything from Art to Zumba
- Strong support network where pupils feel at home from day one
- Flexible, family-friendly for both boarders and day pupils and those that need a combination of the two

We encourage children to be confident and also teach them to be kind, courteous and considerate of others, put simply, good people that others want to be around.
