

JB trip to Canterbury Cathedral on Friday 21st January

We went in the van for quite a long time. We parked in the car park and walked to the cathedral and when we saw it it had scaffolding all over it. Then we went into the education centre and we went up small and slippery stair case and we all got dressed into our costumes and I was a knight. A lady gave us a tour around the cathedral. We saw where Thomas Becket died and then the lady led us into a cold part of the cathedral and into a arch roof part where the pilgrims used to pray and all the archbishops were on all the stained glass windows. She led us back to where we started and in to the lunch room. Then we all had lunch and then it was time to go. We all walked back to the mini bus and we all came back to school.

On Friday we went on a trip. We got dressed up. We had lunch there. It was fun. I liked it. It was interesting. It seemed very big and there was a lot of stained glass windows. When we left it seemed like a long drive but i was talking to my friend. I was happy.

We went to Canterbury Cathedral. We got dressed up and we performed Thomas Becket. We saw beautiful stained glass windows. I was one of the pilgrims. We saw stone shields on the roof. We saw the candle where Thomas Becket lay. We saw a little piece of the sword that broke of with a cross. We used a quill and ink and wrote our name and surnam. We also made some shields and we coloured glass windows. We had a lot of fun. By Amber

We searched through the Canterbury Cathedral and it was great! We dressed up in clothes and I was a pilgrim. We saw tombs and candles and many more.

The cathedral was really interesting but sometimes it was a little bit dark and creepy.

The stairs were very slippery and very clean and there were cages everywhere.
